Hi Shari,

Thanks for the responses to comments. The responses fully address my comments and I agree with the confirmation sampling approach for defining the RA excavation limits.

Thanks
-Scott

Hi Scott,

At this point, it makes sense to us to have the RA contractor define the excavation limits (at the 3 grid locations you identified) during confirmation sampling. Please see the attached response to OEPA comments on the DER. Please call if you'd like to talk. Shari

Shari,

Here are our responses to Ohio EPA's comments on the data evaluation report. If acceptable, we will make the necessary revisions and submit the revised report.

Thanks,
Ray
